

NEEDS GOALS BENEFITS

NEEDS

1. Move Parks and Recreation in with the Heritage Commissions authority to enhance all commercial aspects of state parks, and recreational use within Montana.
2. Unilateral enforcement agreements for consistent, understandable, enforceable, laws and regulations across jurisdictions, agencies, governments, with funding and understanding for capable and sufficient coverage of users.
3. Importance of integrated, interconnected trail systems across all jurisdictions, communities, private, and government lands within Montana, where deemed necessary, and acceptable.
4. Collaborative design, development, environmental protection, economical benefits, developed use, upkeep, enforcement, weed abatement, maintenance, protections and mitigation for the benefit and health of all.
5. Proactive collaborative mitigation of use and protections of wildlife, watersheds, energy resources, for maintaining a healthy stable future for montana and its peoples.
6. Diversified development requirements for all grants, projects, activities, construction, weed mitigation, impact mitigation, for common goals, and protection of montana as a whole.
 - a. Dispersment by continues interconnected routes and trails over all federal, state, county, parks, and acceptable private lands through collaborative planning, development, and use.
 - b. Timed usage when agreed to.
 - c. Deadfall removal, weed abatement, erosion mitigation, watershed protection, hunting, fishing, construction, (bridges, staging areas, needed route and interconnects) and removal of agreed upon not needed entities.

GOALS

1. ~~Funding for road repair increased from 1.5% to 1.75 percent~~
2. Use of State, and Parks, land to allow route continuity, staging areas, camp grounds, and other needed collaborative development.
3. Collaborative Economical development.
4. Collaborative development of needed Environmental protection.
5. Recreational tourism development of motorized uses along with all others.

BENEFITS

1. Well planned increase in Montana's Commerce, and tourism.
2. Cooperation through collaboration instead of Law Suits.
3. Better use and understanding of Montana's Great Resources, and Beauties.
